

Comfort, Health and Style!

A photograph of a woman and a young girl sitting on a light-colored rug in a living room. The woman, on the left, has long dark hair and is wearing a blue top and grey pants. She is wearing a white, textured compression sleeve on her right arm. She is smiling and looking down at an open book she is holding. The girl, on the right, has long dark hair and is wearing a floral patterned dress. She is also smiling and looking at the book. In the background, there is a grey sofa with a stuffed rabbit on it and a wooden coffee table with some books on it.

**JOBST® RELAX**  
**REDEFINING LYMPHEDEMA NIGHT CARE**

**THERAPIES. HAND IN HAND.**

# JOBST® RELAX – DESIGNED FOR MORE THAN JUST SLEEPING

**JOBST® Relax** is an innovative, new product designed to complement daytime compression garments and offers an alternative to nighttime compression solutions such as compression bandages. Night care is an often neglected, but critical, part of lymphedema management, and **JOBST® Relax** was specifically designed to address patients' complaints with current nighttime garments. **JOBST® Relax** provides the edema control patients need, combined with the look and comfort that patients want. **JOBST® Relax** is intended for mild to moderate lymphedema patients in the maintenance phase, who are looking for a garment that will better suit their lifestyle. It is ideal for those who need containment, combined with comfort and style.

## Monofilament spacer layer

- Flexible, lightweight, and slim-line
- Provides cushioning and promotes airflow
  - ▶ Comfortable wearing experience

## Soft textured surface

- Luxurious feel, inside and out
- Creates a micro-massaging effect
  - ▶ Stimulation of lymph flow

## Customized, flat-knitting technology

- Made to patient's unique dimensions
- Provides consistent gradient compression
- Anatomically shaped
  - ▶ Stays in place and contains swelling

The **integrated zipper** option with stay-down puller facilitates donning and doffing. The fabric underneath the zipper protects the skin and promotes uniform compression.

## COOLMAX®

### Coolmax® yarns and advanced knitting technique

- Moisture wicking properties
- Increased breathability
  - ▶ Cooling effect

# THE SLIM LINE, FLEXIBLE, AND LIGHTWEIGHT DESIGN OF JOBST® RELAX:

Adjusts to almost any sleeping position.

Ensures the freedom of movement that patients want. This makes **JOBST® Relax** ideal for relaxing before bedtime.

Means the garment can be folded to fit comfortably into a purse or travel bag, making **JOBST® Relax** the perfect travel companion.

**Greater comfort and freedom encourage patient compliance.**
